## Description

Get inspired, experience the Botanical Garden of Rio de Janeiro and share!

Botanic is an app for those who wish to explore Rio de Janeiro's Botanical Garden.

Induced by the book "My Beloved Botanical Garden", by Tom Jobim and Zeka Araújo, Botanic is divided into three main modes: "Visit", "Info" and "Data". When on the "Visit" mode, the user can pick trails to be followed and access media related to sites within the park; the "Info" mode brings information about the Botanical Garden, as well as poems, a picture gallery and more; the "Data" mode allows the user to collect and share photos, notes and visits.

The Botanic project is a collaboration between the VISGRAF Lab and Instituto Tom Jobim.
